

Front End Web Developer

LOS ANGELES OR REMOTE // PART-TIME

DG+Design is a marketing and creative agency with a focus on clean energy and sustainable brands. Our work is founded on the passion to uniquely combine clean energy expertise, creative skill, and marketing strategy to provide unrivaled value for clients. From energy marketing to documentary filmmaking, DG+Design focuses on empowering clients to grow the clean energy economy. Our work includes projects with utilities, solar and wind developers, non-profits, international organizations, and more.

Working at DG+Design is a unique opportunity to join the company at the ground floor and learn from experienced professionals.

We are seeking a Front End Web Developer to join our team on a part-time basis with the opportunity to grow into a full-time role. Specific work will include creating, developing, and maintaining clients' websites. The ideal candidate has a solid understanding of HTML, CSS, and JavaScript as well as experience with WordPress. They thrive in a fast-paced, dynamic environment, and are ready to learn about new technologies and products.
